THE EXPERIENCE YOU NEED

When you study at EIT you'll get the kinds of experiences that will help you gain the knowledge and skills to get ahead, whether you want to break into your chosen career or change direction in life.

You'll experience being part of a vibrant learning community in one of New Zealand's top tertiary institutes, and be taught by experienced lecturers who have track records as respected academics and industry professionals.

You'll get the benefit of EIT's long-established connections with industry throughout New Zealand. Many of our programmes are field-based to help you develop relevant work skills, gain practical experience, and get useful industry contacts which can set you on the path to a great job, all while you're studying.

You'll have the experience of studying at our modern well-equipped campuses or at our regional learning centres, and you'll gain invaluable experience using our facilities and state-of-the-art technology.

& THE SUPPORT TO SUCCEED

At EIT you'll get the support you need to help make sure you get the rewards for your hard work. If you're serious about study and your future, EIT is right behind you.

You'll learn in classes that are the right size to make sure you get the involvement and support you need, and you can receive help and guidance with everything from study planning, to applying for a job after you complete your studies.

You'll be supported by lecturers who are here for you, within a learning environment where you are treated as an individual, not a number. They'll know your name and you'll receive one-on-one attention to make sure you get the support to succeed.

FOR A
CAMPUS
TOUR*

In a survey of EIT graduates from 2017, 92% said that they would recommend their programme to others.

CAMPUSES BUILT FOR YOUR NEEDS

EIT offers you qualifications from certificate to postgraduate level at campuses in Hawke's Bay, Tairāwhiti (Gisborne) and Auckland. Or you can learn closer to home at one of the Regional Learning Centres in Hastings, Maraenui, Ruatoria, Waipukurau and Wairoa, plus other pop-up centres near you.

EIT Hawke's Bay is one of New Zealand's most attractive campuses with superb architecture and shaded outdoor areas for study on warm days. EIT Tairāwhiti's two campuses are located in the heart of Gisborne, near the Taruheru River, and you can't get more central than EIT Auckland's location on Queen Street. EIT Hastings recently relocated to a new centre in a more central location – one that is easy to access, close to public transport and tailored to meet the needs of students and staff.

Our campuses have top quality facilities, purpose-built for EIT programmes, including high-tech trades workshops, professional-standard training kitchens and a fully-equipped wine science and viticulture laboratory.

Get connected by jumping onto campus-wide free wifi. EIT's libraries put resources at your fingertips, with expert librarians on-hand to help you, and you can get your textbooks and stationery sorted at Ōtātara Bookshop at the Hawke's Bay campus.

To print your work professionally, fully-equipped printing services handle everything from large format printing to document binding, for a price that won't put a dent in your finances.

Hungry after all your study? You can enjoy bustling campus cafés and student training cafés to catch up with fellow students over a cup of coffee or lunch.

Academic Learning Services

You can get help and advice on all aspects of study, including study skills, writing assignments, computing, maths, academic writing and planning study time.

STAR/Gateway

Want help making the move from secondary school to tertiary education and training, plus gain credits towards your chosen career qualification while studying NCEA? Talk to the STAR/Gateway Coordinator.

Chaplaincy

EIT has a team of chaplains available for you. They are mostly volunteers and represent all the main faiths and spiritualities.

Childcare

We'll take care of your children while you take care of your studies. Ōtātara Children's Centre at EIT Hawke's Bay and Manaaki Tamariki Child Care Centre at EIT Tairāwhiti are open for you. Bookings are essential.

Career Development

EIT Career Development Services can help you make career choices, work out what to study, and give you guidance and information about finding a job, or kick-starting your career.

Bookshop

The Ōtātara Bookshop caters for students' on all campuses stationery and textbook needs. The shop also sells stamps, a range of greeting cards and small gift items.

Accommodation

Make yourself at home. Accommodation is available in the Student Village opposite the Hawke's Bay campus, rated 4.5 by Qualmark, plus a Qualmark silver environmental award.

Schools and Community Liaison

EIT's liaison team can hold events and presentations for schools, community and industry on-campus or at your location. In addition to information and enrolment days, groups and individuals can book a campus tour year-round.

EIT Students' Association

Younited is here to represent you. From looking after your interests to organising social events and activities, plus Younited arranges discounts and exclusive deals – for EIT students only.

younited.ac.nz

Pouwhirinaki – Māori & Pasifika Student Support

You can get advice, mentoring and support in pastoral care, cultural needs and values, te reo Māori, waiata and tikanga, scholarships, iwi and hapū registrations and grants.

Māori and Pasifika

Our support team works with organisations, fanau, iwi, hapū and whānau. You can get guidance with study options, academic support and much more.

Disability Services

Dedicated support includes adaptive technology, alternative exam arrangements, assistance with funding, and disability car parking on-campus.

Trades Academy @ EIT

If you're at secondary school you can get practical, hands-on training in trades and other programmes, one or two days a week, and earn credits towards your NCEA Level 2 qualification.

HOW WE'LL SUPPORT YOU

Studying takes determination, commitment and self-discipline. As a student at EIT, you can get support to help you focus on what really matters – your studies and your future.

When you become a student at EIT, it may be your first time away from home, or the first time you've studied at a tertiary level. It may all be very new to you.

Your studies will take up a lot of your time, so you may need a hand with other parts of life.

To help you get the most out of your time here, EIT offers you support in all sorts of ways. Whether you're after help to choose the right subjects or you need some guidance to show you the best way to get into your chosen career, there's someone available to help.

Get personal one-to-one help from EIT's friendly experts who have plenty of experience helping students like you. They're on campus to offer advice, information and guidance.

We want your time at EIT to be exciting, productive and successful, so make sure you take advantage of all the support we offer.

WORLD CLASS 'A' RATED LECTURERS

EIT lecturers have the latest knowledge and research in their field of expertise and are able to attract all-important research grants. For you, it means highly qualified academics who have the most up-to-date learning available.

EIT is rated by the Tertiary Education Commission as one of the top two institutes of technology and polytechnics in New Zealand for research excellence. This helps EIT secure funding through the Government's performance-based research fund.

Government funding helps EIT continue to play a leading role in research in New Zealand.

Our lecturers are in demand to work closely on research projects with universities, polytechnics, businesses and organisations at regional, national and international levels. They pass on their knowledge to you via their teaching.

When you study at EIT, you will be at an institute that is highly rated for quality academic research.

WHAT SHOULD YOU STUDY?

DID YOU KNOW?

Bachelor degree graduates have median earnings 39% higher than the national median income, five years after graduating, and masters degree graduates median incomes are 68% higher.

Ministry of Education. (2016). Student Loan Scheme Annual Report 2015/16.

Some people know exactly what they want to do in life, so choosing what to study is much easier. They know what they are good at; they know their strengths and how they want to use them.

But for many people it's not so easy. There are lots of courses, many different jobs, and plenty of career choices out there. So making the right decision about what to study can seem daunting.

It's a good idea to get lots of information to help you make a well-informed decision. A good place to start is the Government's Careers NZ website at careers.govt.nz.

It's a good idea to think about what you're interested in. Spend some time thinking about what you like and don't like, and what you're good at.

If you have an idea of a profession, you could talk to people who are working in the industry. They can tell you what skills, experience and qualifications you need.

You may find that you have knowledge, skills or previous achievements that can count towards your qualification.

At EIT, we've got lots of experience helping students make important decisions and pointing them in the right direction.

Come and have a chat with us. We can put you in touch with programme coordinators and arrange an appointment to talk with the careers counsellor about education, training and career choices.

WHAT'S THE DIFFERENCE BETWEEN EIT & A UNIVERSITY?

For those with no formal qualifications or who have been away from study for a while, our entry level certificates mean we can offer you a unique opportunity to progress further into higher level programmes, and eventually to a degree if you want. Or you can go straight into an entry level job position in the first step to a new career.

We also offer vocational study that is tailored to the region's specific requirements, meaning you are qualified and work-ready to get local in-demand jobs.

You no longer have to leave home to get a recognised degree as our degrees (called 'Bachelors') are absolutely equal to those offered at New Zealand universities. In fact, research shows that EIT graduates are viewed by local employers to be as good as graduates from anywhere*.

Our postgraduate offerings mean you don't have to travel and miss out on work or family to further your career.

However you define your success, when you study at EIT we'll give you the experiences and support you need, to help you achieve it.

*Troy, V. (2013). *EIT 2013 Community and Stakeholder Brand Survey*. Hawke's Bay, New Zealand: SIL Research.

FINANCIAL SUPPORT FOR YOUR STUDY

Scholarships and grants make life easier by helping to cover your fees, other costs and living expenses while you study. You don't always need to be an academic high-flyer to qualify.

EIT has a long list of scholarships that you can apply for. So if you would like to get financial help with your study, make sure you find out what's available. You can also take a look online at the givME database available at EIT. It lists every scholarship and grant available in New Zealand.

Te Ara o Tākitimu and Te Toka – Māori and Pasifika Trades Training

If you are aged 16 to 40 and looking to gain a trade qualification and apprenticeship, you can apply for funding, support and incentives for a wide range of programmes from Levels 3 to 4.

Government funded Fees FREE

Tertiary education will be fees free for eligible first time tertiary students studying at Level 3 or higher. Go to www.feesfree.govt.nz to check the details and your eligibility.

Year 13 Degree Scholarship – 100% FREE tuition for your second year of study

EIT has limited Year 13 Degree Scholarships. They're available to eligible Hawke's Bay and Tairāwhiti students from Hick's Bay to Taupō and Dannevirke.

If you're a Year 13 student from anywhere in New Zealand applying for the Bachelor of Viticulture, the Bachelor of Wine Science, or the Bachelor of Māori Visual Arts, you're also eligible.

You'll need to be a Year 13 secondary school leaver, resident in New Zealand, meet the degree entry (plus scholarship) criteria and start full-time degree study in February 2019.

Youth Scholarship

If you are aged between 16 and 19 (or 15 with an early leaving exemption) and wanting to study at Levels 1 to 3, you can apply for a Youth Scholarship. You may be eligible for funding for fees and compulsory course costs, travel, plus academic and other support.

Sport Hawke's Bay – EIT Sports Scholarship

The Sport Hawke's Bay – EIT Sports Scholarship have been developed to assist top sports performers to train and study in Hawke's Bay.

Five scholarships of up to \$2,000 each are awarded to sports performers enrolled or enrolling in an EIT qualification, to be spent on anything from training fees to equipment or study fees.

Any sports performer willing and able to represent Hawke's Bay or New Zealand can apply.

Sian Fendall (Bachelor of Nursing) and Rita Hokianga (Diploma of Business)
Sport Hawke's Bay and EIT Sport Scholarships Recipients

Year 13 Degree Scholarships are available for:

- Bachelor of Arts (Māori)
- Bachelor of Business Studies
- Bachelor of Computing Systems
- Bachelor of Māori Visual Arts (Te Toi o Ngā Rangi)
- Bachelor of Nursing
- Bachelor of Sport and Exercise
- Bachelor of Social Work
- Bachelor of Teaching (Early Childhood Education)
- Bachelor of Teaching (Primary)
- Bachelor of Creative Practice
- Bachelor of Viticulture
- Bachelor of Wine Science

For more about EIT's scholarships check out scholarships.eit.ac.nz or phone 0800 22 55 348.

Scholarships and grants are subject to change.

* Text your name, address and the word YR13. Usual message charges apply.

UNDERSTANDING QUALIFICATIONS

Programmes & Courses	A programme results in a qualification and consists of a number of courses. Some programmes consist of compulsory courses while others have a selection of elective courses, or a combination.
Credits	Courses consist of credits, and when a course is successfully completed, the credits will be counted towards the qualification. One credit usually equals 10-12 hours of learning.
Levels	Levels indicate the depth of knowledge and complexity of skills required. The higher the level, the more complex the concepts and skill sets. In New Zealand, the levels progress from Level 1 to Level 10.

Short Courses	Don't generally result in formal qualifications. Find out more at shortcourse.eit.ac.nz
Certificate	Levels 1 - 6 12 weeks - 2 years Provides an introduction to a subject and may be a pathway to higher level study.
Diploma	Levels 4 - 6 1 - 2 years 120 credits
Bachelors Degree	Level 7 3 - 4 years 360 credits (Honours: Level 8 480 credits)
Graduate Certificate Graduate Diploma	Level 7 6 months - 2 years Certificate: 60 credits, diploma 120 credits This allows a degree graduate to study further courses at the same level as their degree but in a different, or additional, specialisation.
Postgraduate Certificate Postgraduate Diploma	Level 8 6 months - 1 year Certificate: 60 credits, diploma 120 credits Postgraduate study extends and deepens knowledge and skills after completing a bachelor's degree, and prepares students for independent research and scholarships.
Masters Degree	Levels 9 and above 1.5 - 2 years 120 - 240 credits A master's degree qualifies individuals who apply an advanced body of knowledge in a range of contexts for research, a pathway for further learning, professional practice and/or scholarship.

ENTRY REQUIREMENTS

Most programmes have specific entry requirements. Please check eit.ac.nz for further details.

ENTRY WITH CREDIT

You may already have knowledge, skills or previous academic achievement that can be recognised as part of your qualification. This can include (but is not limited to): study completed at high school, a private training establishment, or polytechnic/university; workplace training achievement, and voluntary work and some aspects of life experiences. You will be asked to provide details of any previous achievement you would like considered for possible credit toward your qualification, as part of your application for enrolment.

The process for recognising skills and independent learning is called Recognition of Prior Learning, and for study completed elsewhere is called Credit Recognition.

Unless stated in specific Programme Regulations, the academic admission requirements into EIT programmes is as per NZQA listed entry requirements (see below). **Please go to eit.ac.nz for specific programme entry requirements.**

DIPLOMA

Please refer to the specific diploma entry regulations at eit.ac.nz. In general, applicants must meet one of the following criteria:

- Level 2 NCEA or
- Successful completion of a NZ qualification at Level 3 or above or
- Special Admission may be granted to applicants (aged 20 and over) who do not meet all entry requirements but who are enthusiastic and motivated; and have sufficient literacy and numeracy skills to interpret and apply health and safety requirements and, may have evidence of other academic achievement, or relevant prior learning and experience.

BACHELOR DEGREE

Please refer to the specific degree entry regulations at eit.ac.nz. In general, applicants must the following criteria:

- NCEA Level 3
- Three subjects - at Level 3, made up of:
 - 14 credits each, in three Approved* subjects
- Literacy - 10 credits at Level 2 or above, made up of:
 - 5 credits in reading
 - 5 credits in writing
- Numeracy - 10 credits at Level 1 or above, made up of:
 - achievement standards – specified achievement standards available through a range of subjects, or
 - unit standards - package of three numeracy unit standards (26623, 26626, 26627- all three required).

Degree Provisional Entry

Applicants who do not meet the criteria above, but present evidence of ability to succeed (e.g. maturity, life experience, work experience, other study) where literacy and numeracy skills are sufficient to interpret and apply health and safety requirements may apply for Provisional Entry.

If accepted under Provisional Entry, entry to subsequent study in the programme is conditional on success at the entry level.

POSTGRADUATE

Please refer to the specific Postgraduate study regulations. In general, applicants must meet one of the following criteria:

- A bachelor degree with an average B pass or better across all courses.
- Where the applicant may have less than a B average in her/his undergraduate degree, she/he may be offered Provisional Entry, requiring continued success before being allowed to progress to further stages of the programme.
- Where an applicant does not hold a bachelor degree:
- The applicant must provide evidence of having completed a relevant professional qualification and
- Provide evidence of successful completion of a relevant qualification or programme of study which is equivalent to those of first degree graduates (Level 7), through the submission of a portfolio of evidence.
- A personal interview may assist the application process.

MASTERS DEGREE

Please refer to the specific Masters degree regulations at eit.ac.nz. In general, applicants must meet one of the following criteria:

- Successful completion of an undergraduate degree of the same/ similar discipline as the Masters with a B average or better across all courses or
- Successful completion of a Graduate Diploma of the same discipline as the Masters with a B average or better across all courses or
- Successful completion of a Postgraduate Diploma of the same discipline as the Masters with a B average or better across all courses or
- Degree or postgraduate qualification graduates who may not have achieved an average of B pass or better and who can demonstrate evidence of significant work and professional experience at degree level or above may be considered. These applicants will be required to participate in an interview where a decision to offer entry or not will be made.

ENGLISH LANGUAGE ENTRY REQUIREMENT

Applicants for whom English is not their first language must also demonstrate ability to meet the English language requirements of the programme in which they enrol including any professional requirements for English capability. The English language entry requirements, set by NZQA, for international students can be found at: <http://www.nzqa.govt.nz/about-us/our-role/legislation/nzqa-rules/nzqfrelated-rules/programme-approval-and-accreditation/1/>

Academic IELTS Score requirements do vary between programmes and you must check these before enrolling.

- Most certificate programmes IELTS 5.0 Range from 4.5 to 5.5
- Most diploma programmes IELTS 5.5 Range from 5.5 to 7.0
- Most degree programmes IELTS 6.0
 - Bachelor of Nursing 6.5
 - Bachelor of Early Childhood Education 7.0

In addition to meeting the programme entry requirements, international students must:

- Have evidence of receipt of an appropriate visa, and
- Be over 18 years of age (applicants between the ages of 16 and 18 years will only be accepted after an assessment of the student's support systems has been made).

Please check specific entry criteria for programmes you are interested in the relevant programme information at eit.ac.nz.

* A full list of Approved Subjects can be found at www.nzqa.govt.nz under the university entry standard.

BEAUTY

Te Kura Kaupapa Hauora,
Hākinakina

REFRESH
EIT BEAUTY THERAPY CLINIC

BEAUTY THERAPY

In today's busy, stressful world, beauty therapists have people's happiness and well-being in their hands. EIT's programmes will give you all the skills you need for a rewarding career in the beauty industry. Plus you'll get hands-on experience looking after real clients at "Refresh" - EIT's on-campus beauty therapy clinic, using the latest equipment.

You'll start by learning about skincare, makeup techniques and customer service, before progressing to varied beauty therapy treatments, including eyelash extensions, spray tanning, nail treatments and facials. Advance to the Diploma and gain more skills in advanced treatments - skincare, spa treatments and electrolysis.

YOUR CAREER OPPORTUNITIES

After completing any one of these programmes, your skills could find you working in makeup and skin care retail, beauty therapy clinics, day spas or even on a cruise ship.

To find out more check out beauty.eit.ac.nz

NZ Certificate in Foundation Skills (Styling) [Level 2]

FEE FREE

This will introduce you to a range of subject areas and practical skills in beauty therapy, hairdressing, personal styling and health. You could then go on to further studies in these areas. Activities are hands-on and will include some theory so that you have the opportunity to achieve NCEA Level 1 numeracy and literacy.

Develop your creativity and skills using project based learning in a salon environment to prepare to be an emerging stylist in the industry. Gain knowledge of complex long and short hair styling suitable for balls, weddings and formal occasions and creative styles for competition work!

Learn haircutting techniques using scissors, razor and clippers, perming and relaxing techniques, advanced fashion focused colouring techniques, advanced hair and scalp conditions and treatments and advanced reception skills.

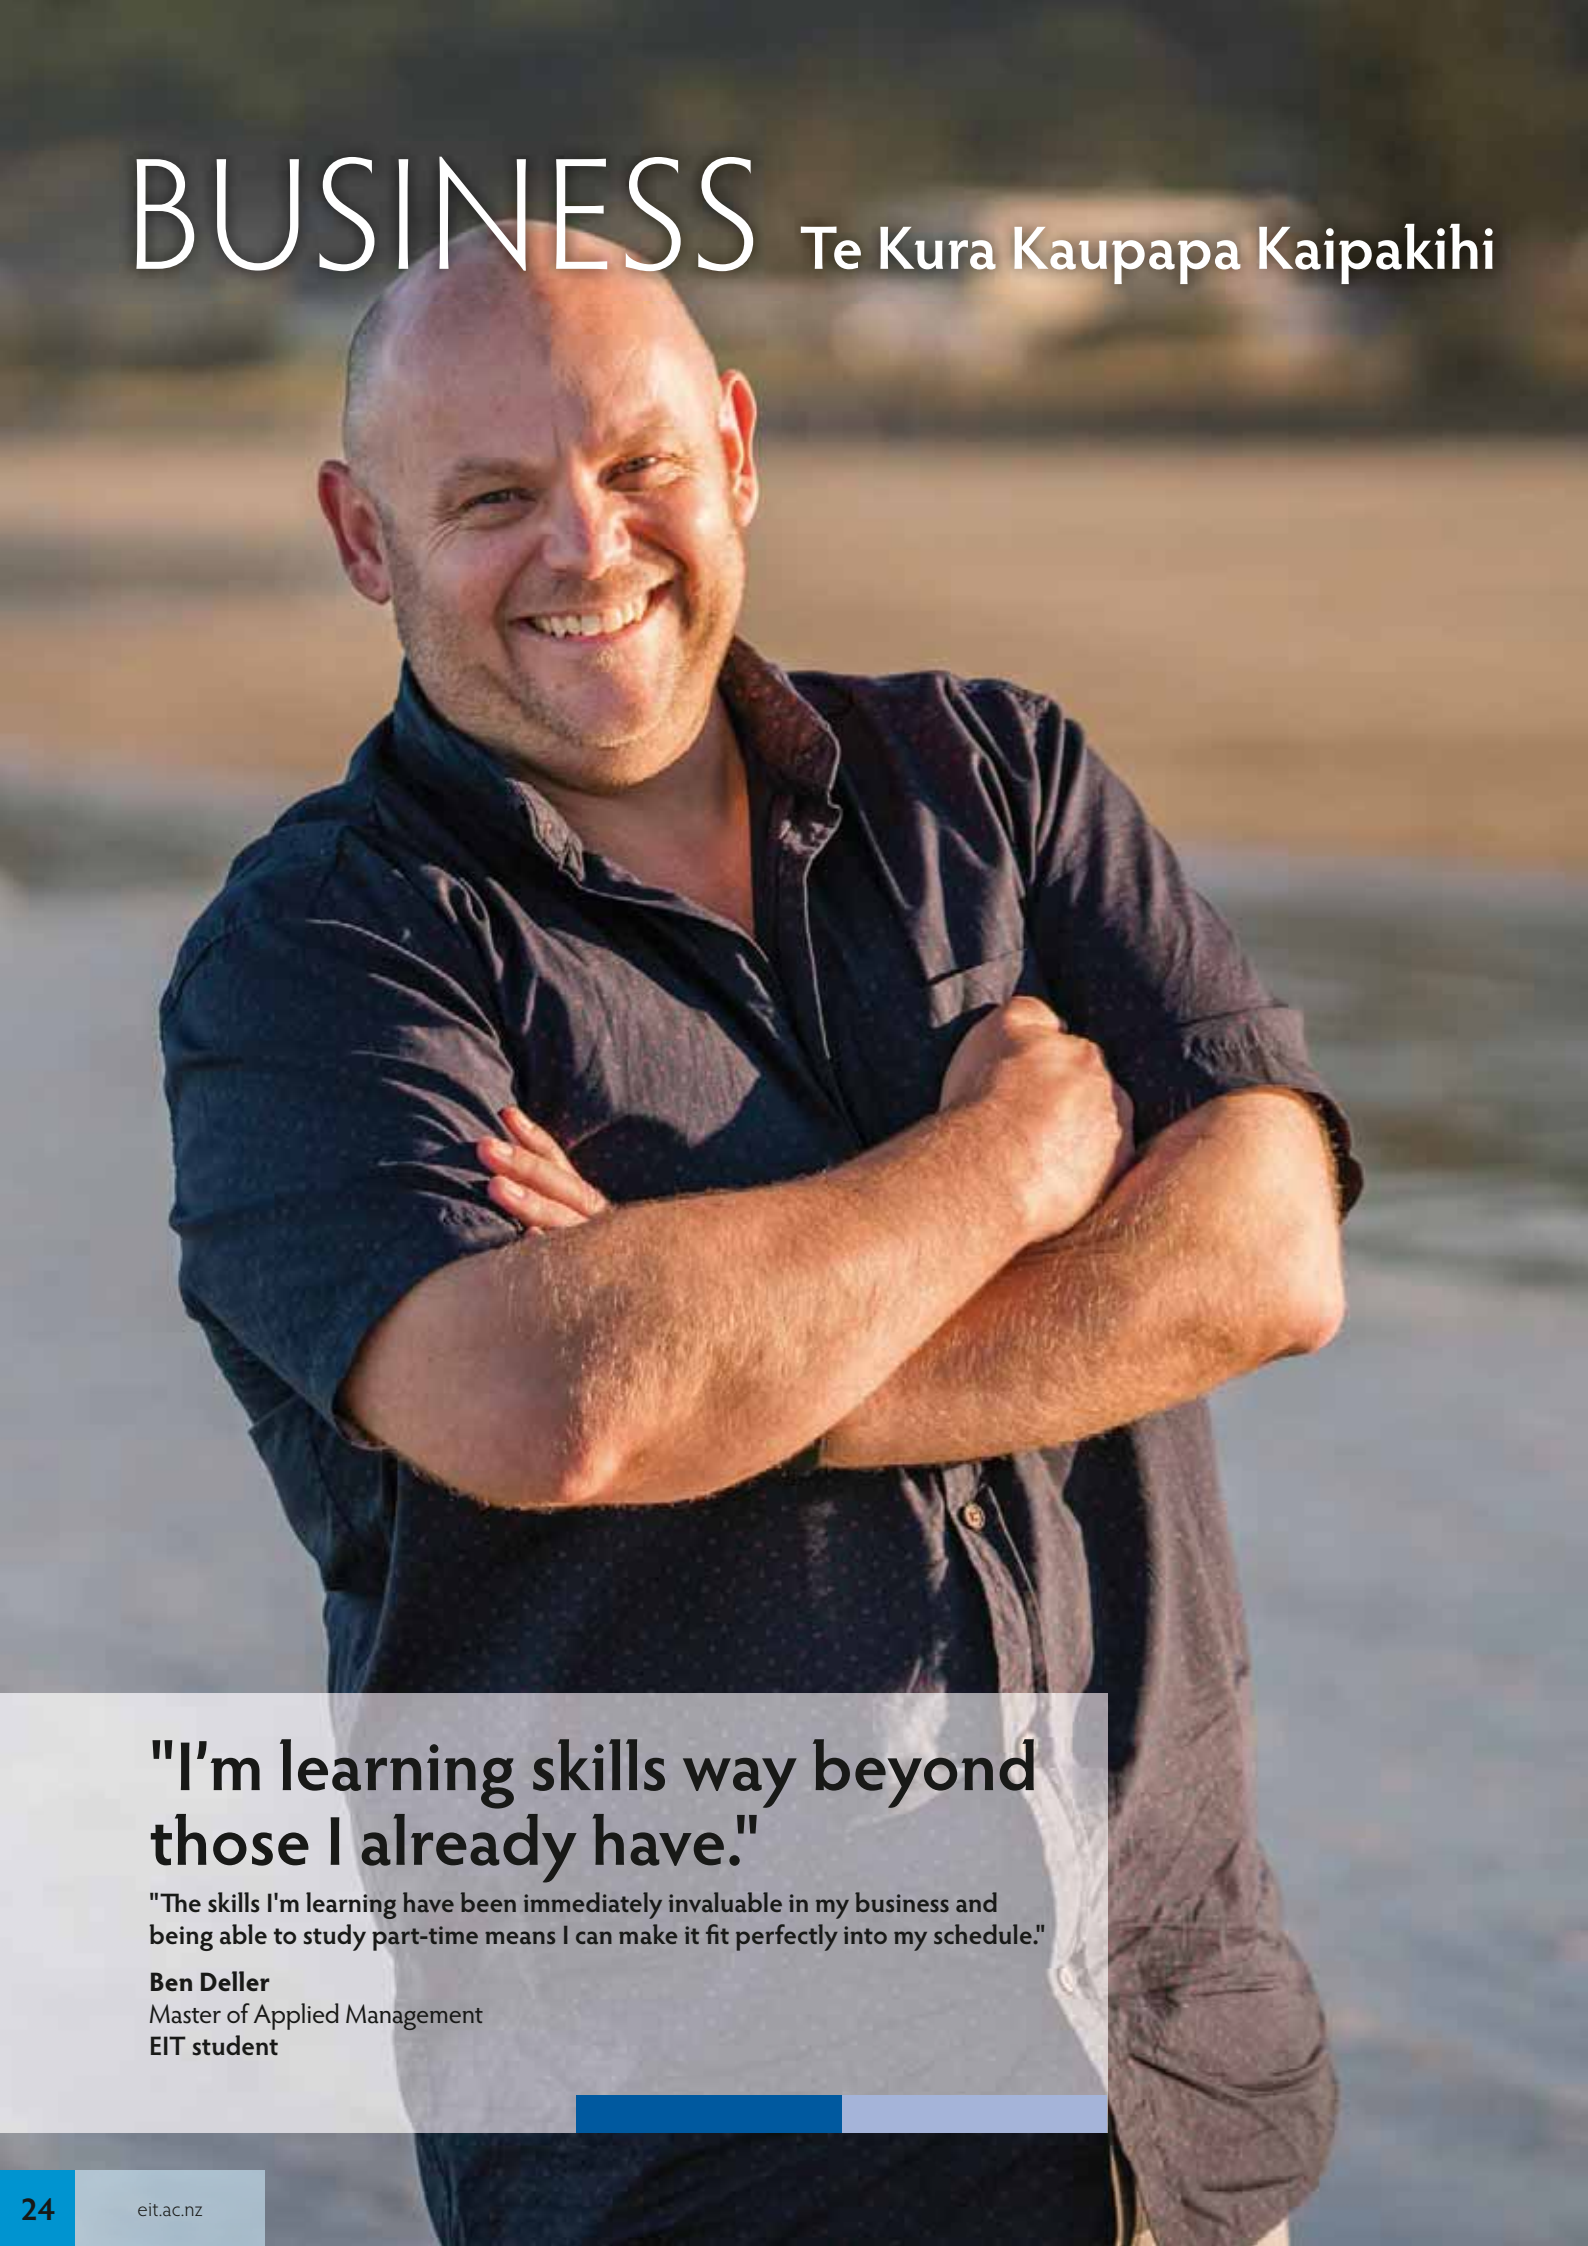

Preference will be given to applicants who have successfully completed the NZ Certificate in Hairdressing (Salon Support) [Level 3].

Length	1 year full-time	Start date	February and July
Fee	\$7,600 (approx)	Campus	Hawke's Bay

* Part-time study available

BUSINESS

Te Kura Kaupapa Kaipakihi

A man with a shaved head and a friendly smile stands on a beach with his arms crossed. He is wearing a dark blue button-down shirt. The background shows a sandy beach and the ocean under a soft, golden light, suggesting late afternoon or early morning.

"I'm learning skills way beyond those I already have."

"The skills I'm learning have been immediately invaluable in my business and being able to study part-time means I can make it fit perfectly into my schedule."

Ben Deller

Master of Applied Management
EIT student

BUSINESS

REAL LIFE | REAL LEARNING | REAL BUSINESS

EIT's School of Business is proud of its recent programme innovations. You can start your learning when it suits you as there are four start points per year. Assessments have been redesigned to better match real world situations - and there are fewer exams! Our programmes are closely connected to the business and wider community so they are relevant and will help you build your networks for the future.

YOUR CAREER OPPORTUNITIES

In this highly competitive world, businesses and organisations need people with skills and knowledge that can give them an edge. Opportunities for qualified business people include starting your own business, working in private companies, government and not-for-profit sectors.

To find out more check out business.eit.ac.nz

* Part-time study available

NZ Certificate in Retail (Customer Service and Sales Support) [Level 2]

FEE FREE

Get a head start in the retail industry and acquire practical skills like creating attention-grabbing displays and helping customers. The retail industry is a dynamic career choice, so learn to give outstanding customer service with confidence and take advantage of the number of jobs available to people with the right skills.

Length	15 weeks full-time*	Start date	March and August
Fee	Fee FREE	Campus	Hastings Regional Learning Centre

* Part-time study available

NZ Certificate in Business (Administration and Technology) [Level 3]

This programme is ideal if you want to work in office administration. It gives you the essential skills and knowledge to work or gain employment, in a wide range of supervised general office administration roles, in a variety of sectors.

These may include: receptionist, data entry operator, front line customer service role, call or contact centre operator, secretary, office support worker. Great administrators are at the heart of a well-run office and this programme gives you the skills you need to take on the responsibility.

Length	6 months full-time*	Start date	February and July
Fee	\$2,800 (approx)	Campus	Hawke's Bay

* Part-time study available. Online delivery available via TANZ see page 29

NZ Certificate in Business (Accounting Support Services) [Level 4]

This programme sets the foundations of good practice, and a solid understanding of common but necessary accounting functions.

The purpose of this qualification is to provide New Zealand business with people who can carry out a broad range of accounting support services in a range of accounting support roles.

Length	6 months full-time	Start date	February and July
Fee	\$2,900 (approx)	Campus	Hawke's Bay

NZ Diploma in Business [Level 5]

This programme is practically orientated. It will stimulate you and it will provide you with the skills and knowledge that 21st century businesses are looking for.

You can choose to specialise in either accounting or leadership and management. Once completed, you can progress to the second year of the Bachelor of Business Studies.

Length	1 year full-time*	Start date	February, May, July and October
Fee	\$5,400 (approx)	Campus	Hawke's Bay, Tairāwhiti

* Part-time study available. Online delivery available via TANZ see page 29

Bachelor of Business Studies [Level 7]

This degree will give you a strong foundation in business and help you gain the skills today's employers demand. You'll benefit from a wide-ranging business education with plenty of practical experience, and you can choose to specialise with majors in accounting, management, marketing or the double major of management and marketing.

Small classes and experienced staff means you'll get the right level of support to show employers you mean business. This programme distinguishes itself by being practically orientated and having a work-based project element for real-world learning.

Length	3 years full-time*	Start date	February, May, July and October
Fee	\$5,400 (approx)	Campus	Hawke's Bay or Tairāwhiti**

Graduate Diploma in Business [Level 7]

The Graduate Diploma in Business is for graduates to update their existing field of knowledge. Also those with extensive business experience but no degree can apply, with the aim of consolidating and updating their knowledge.

Endorsements include:

- Management
- Accounting
- Entrepreneurship
- Human resource management
- Logistics and supply chain
- Sales and marketing
- Wine marketing
- Unendorsed

These endorsements will particularly suit those who are seeking to enhance their career opportunities, or those seeking to add industry related skills to an existing business qualification or similar.

Length	1 year full-time*	Start date	February, May, July and October
Fee	\$5,400 (approx)	Campus	Hawke's Bay

* Part-time study available

Graduate Diploma in Professional Accounting [Level 7]

If you have already completed a degree in business studies, this programme will enable you to meet all academic requirements for membership of Chartered Accountants AustraliaNew Zealand (CAANZ) and CPA Australia. This programme prepares you for provisional membership for either professional body.

You must have completed a Bachelor of Business Studies with a strong component of accounting. If you have a business degree with a major other than in accounting, you are welcome to apply, but you must liaise with the programme coordinator before enrolment.

Length	1 year full-time*	Start date	February, May, July and October
Fee	\$5,400 (approx)	Campus	Hawke's Bay

* Part-time study available

Postgraduate Certificate in Applied Management [Level 8]

This programme enables those who have completed a degree in business, or similar, to achieve a postgraduate level qualification in applied management.

The certificate is also a direct entry path into postgraduate study for New Zealand residents who have significant industry and/or life experience, but who have not completed an undergraduate qualification.

You will need to have completed either a degree in business or a related area (or equivalent qualification), or have significant industry and/or life experience.

Length	6 months full-time*	Start date	February, May, July and October
Fee	\$3,600 (approx)	Campus	Hawke's Bay or online with an on-campus component

* Up to 2 years part-time

Postgraduate Diploma in Applied Management [Level 8]

This programme will support your development as self-employed practitioner, or your career in domestic and/or international organisations across a broad range of industries and agencies.

The areas include finance, markets, people and culture, planning, technology, innovation, globalisation, sustainability and the management of small to medium-sized enterprises.

You need to have either completed a degree in business or a related area (or equivalent qualification) or the Postgraduate Certificate in Applied Management [Level 8].

Length	1 year full-time*	Start date	February, May, July and October
Fee	\$900 per 15 credit Level 8 course, \$1,800 per 30 credit Level 8 course, \$2,700 per 45 credit Level 9 course (approx)	Campus	Hawke's Bay or online with an on-campus component

* Up to 4 years part-time

Want to know more? Visit business.eit.ac.nz for more details and to check the full programme entry requirements.

Master in Applied Management [Level 9]

Further develop your skills as a self-employed practitioner, or your career in domestic and/or international organisations across a broad range of industries and agencies.

The areas include domestic and international markets, marketing, financial and cost management, leadership, performing business in a multi-cultural environment, strategic planning and strategic management, corporate planning, managing and controlling different types of technology, innovation and entrepreneurship, consultancy, operations and business in the global world, sustainable business, and research in industry and business.

You need to have completed a business degree or a postgraduate diploma in business or similar. Specific situations will also be given consideration.

Length	18 months full-time (or 6 months if you already have EIT's Postgraduate Diploma in Applied Management)*	Start date	February, May, July and October
Fee	\$900 per 15 credit Level 8 course, \$1,800 per 30 credit Level 8 course, \$2,700 per 45 credit Level 9 course (approx)	Campus	Hawke's Bay or online with an on-campus component

* Up to 6 years part-time

TANZ ECAMPUS

Gain industry-recognised education through flexible online study at TANZ eCampus.

Business

NZ Certificate in Business (Introduction to Small Business) [Level 3 & 4]

Prepare to start a small business – identify and assess the opportunities and requirements for small businesses. This programme will prepare you well for small business in New Zealand.

NZ Certificate in Business (Introduction to Team Leadership) [Level 3]

Become a team leader with the confidence you need to succeed. Take your first step to management by gaining the skills and most importantly the confidence to give direction, feedback and motivation.

NZ Certificate in Business (Administration and Technology) [Level 3 & 4]

The administration team is often the oil that ensures the smooth running of a business or organisation. It takes systems' knowledge and expertise to provide great service to the rest of the team and increase productivity. You will learn the finer points of delivering great administrative support to your organisation.

NZ Certificate in Project Management [Level 4]

So you want to move into project management? Arm yourself with the knowledge and skills to lead, plan and execute a project with confidence. Learn the complex techniques to successful project management and develop your planning and problem solving skills.

NZ Certificate in Business (First Line Management) [Level 4]

Become a leader who motivates and inspires a team.

Managing a team is all about having the confidence and the techniques to lead effectively. Gain the self-assurance to be a great leader. This programme will give you the systems and tools to lead in a capable and confident manner and the motivation to take your career in management to the next level.

NZ Diploma in Business [Level 5]

Advance yourself – gain the tools you require to be a great business person. Specialise in Leadership and Management, Accounting or Administration and Technology.

Computing

NZ Certificate in Information Technology Essentials [Level 4]

Take the first step to a new career. It's not always easy to change direction or start afresh but the rewards can be powerful. If you have decided that a new career in IT is just what you need, then this certificate will provide the first building block of your new career.

Teaching

NZ Certificate in Adult and Tertiary Teaching [Level 5]

If you aspire to teach and want a career in adult and tertiary teaching or training, this is a fantastic qualification to set you on your teaching career path.

NZ Certificate in Adult Literacy and Numeracy Education [Level 5]

If you are a teaching practitioner and want to develop your skills in teaching numeracy and literacy to adult learners, this qualification is for you. Gain the tools to teach reading, writing and numeracy to adult learners.

COMPUTING

Te Kura Pūkenga Rorohiko

"The lecturers at EIT go above and beyond to support the students."

"They put 110% into everything that they do. They are more than supportive and almost turn into family. For my internship I chose to come to Fujitsu and at the same time they were also advertising a job so ... I got the job."

Clayton Farmer
Bachelor of Computing Systems graduate
Fujitsu

COMPUTING

Looking for a serious computing qualification? At EIT you can gain a practical qualification that is designed to help you gain employment in the IT industry. Most EIT diploma programmes and the Bachelor of Computing Systems include industry-based placements or internships that can lead you to permanent employment.

YOUR CAREER OPPORTUNITIES

As an in-demand IT graduate you can take your skills anywhere in the world, be well paid and work in a fast-moving industry that is constantly evolving. There's a huge variety of jobs, and your choices include business/systems analyst, database development and administration, developer/programmer, hardware engineering, network engineering, software engineer, help desk and IT support, or networks and systems administration.

To find out more check out computing.eit.ac.nz

NZ Certificate in Computing (User Fundamentals) [Level 2]

FEE FREE

Computer skills will help you get a job, promotions and earn more money.

If you have a little knowledge, skills or experience in computing then this is a great programme to start with. This programme uses the Microsoft Office suite of software (Word, Excel, Publisher and PowerPoint) to provide you with foundation computing skills essential for employment and future study.

Length	Part-time	Start date	February, May, July and October
Fee	Fee FREE	Campus	Hawke's Bay, Tairāwhiti, Hastings, Waipukurau, Wairoa, Maraenui or study from home anywhere in New Zealand

NZ Certificate in Computing (Intermediate User) [Level 3]

FEE FREE

Balance your family life, work and other commitments comfortably while building on your introductory skills of the Microsoft Suite (Word, Excel, Access and web).

You'll be given finish dates to complete each course then it's really up to when and where you do the work. As a graduate you'll be capable of using a range of common digital tools and technologies to an intermediate level.

You must have a basic knowledge of computing, or successfully completed the National Certificate in Computing [Level 2].

Length	Part-time	Start date	February, May, July and October

It offers a unique perspective from both the European and Māori creative culture allowing a wide selection of media to be advanced.

This offers a unique perspective from both the Māori creative culture and European allowing a wide selection of media to be advanced. You will have the opportunity to create a body of creative work to a standard that develops, extends and refines prior professional practices, processes and knowledge. This will be achieved through research and critical evaluation to strengthen your creative practice while contextualizing your practice in relation to relevant communities, contemporary concepts, models theory, technologies and professional practice management techniques.

Length	6 months full-time*	Start date	February
Fee	\$3,600 (approx). This does not include required Honours courses above	Campus	Hawke's Bay, Tairāwhiti or by distance with an on-campus component

* Part-time study available

ENGLISH LANGUAGE

Te Puna Reo Ingarihi

"My teachers are amazing."

"When I started my course I couldn't speak English at all. My teachers here are amazing! After studying English language at EIT for just 7 months I was able to speak and communicate with people without any difficulty."

Battulga Sergelem

General English graduate from Mongolia

ENGLISH LANGUAGE

Learning English can open doors to work, study and friendship. At EIT you'll be able to improve your English in well-equipped classrooms, where the focus is on interaction and conversation. You'll learn to 'live the language' as you develop your skills, taught by highly qualified and experienced teachers. You'll make full use of EIT's Language Laboratory, where the focus is on helping you become fluent in English. EIT is a registered British Council IELTS Testing Centre offering exams throughout the year.

YOUR CAREER OPPORTUNITIES

Reading, writing, listening to and speaking English effectively and confidently benefits you, no matter what your job or career. Being proficient in English helps create opportunities. In any workplace it's important to communicate, and having a good command of English will help you, now and in the future.

To find out more check out english.eit.ac.nz

HEALTH SCIENCE

Postgraduate Certificate in Health Science [Level 8]

The health science postgraduate programmes at EIT offer a selection of courses designed to meet the needs of health practitioners, health managers and other allied healthcare professionals whose practice has a focus on health. Credit achieved in the Postgraduate Certificate and Diploma in Health Science can be used to contribute toward a Master of Health Science.

The Postgraduate Certificate in Health Science is normally comprised of two 30 credit courses. Courses offered may change, but examples include:

- Health Promotion
- Health Management
- Health Psychology
- Māori and Indigenous Health
- Child Health and Family
- Integrated Disease Management
- Exercise for Special Populations

Length	6 months full-time*	Start date	February or July (depending on course selection)
Fee	\$1,800 per 30 credit course (approx)	Campus	Blended learning or by distance with an on-campus component in Hawke's Bay

* Part-time study available

Postgraduate Diploma in Health Science [Level 8]

The health science postgraduate programmes at EIT offer a selection of courses designed to meet the needs of health practitioners, health managers and other allied healthcare professionals whose practice has a focus on health. Credit achieved in the Postgraduate Certificate and Diploma in Health Science can be used to contribute toward a Master of Health Science.

The Postgraduate Diploma in Health Science is normally comprised of four 30 credit courses. Courses offered may change, but examples include:

- Health Promotion
- Health Management
- Health Psychology
- Māori and Indigenous Health
- Child Health and Family
- Integrated Disease Management

Length	1 year full-time*	Start date	February or July (depending on course selection)
Fee	\$1,800 per 30 credit course (approx)	Campus	Blended learning or by distance with an on-campus component in Hawke's Bay

* Part-time study available

Master of Health Science [Level 9]

The Master of Health Science is a 180 credit programme which provides the opportunity for health practitioners, health managers and allied healthcare professionals to advance and expand their knowledge and expertise within an interdisciplinary learning environment.

Courses are designed around knowledge and research relating to key threads of health disparities and the global health needs of populations. The programme provides students with the opportunity to investigate the worldwide improvement of health, reduction of health disparities and protection against global threats from an international context.

Credit achieved in the Postgraduate Certificate and Diploma in Health Science can be used to contribute toward a Master of Health Science. In the final stages of the programme Master of Health Science students can choose to complete either one 90 credit Thesis course, or two 30 credit courses culminating in an Independent Scholarly Project.

Length	18 months full-time*	Start date	February or July (depending on course selection)
Fee	\$1,800 per 30 credit course (approx)	Campus	Blended learning or by distance with an on-campus component in Hawke's Bay

* Part-time study available

NURSING & HEALTH SCIENCE

Te Kura Kaupapa Tapuhi

"EIT lecturers are exceptionally supportive."

"The EIT nursing school has exceptionally supportive staff, who challenge and motivate us to be the best we can be."

Shannon Thompson

Bachelor of Nursing graduate

Hawke's Bay Regional Hospital - general surgical ward

NURSING

Nursing is one of the most exciting and rewarding study areas available. You can study at EIT to become a registered nurse, and choose to go on to our postgraduate programmes. EIT offers a range of postgraduate nursing programmes, including the Postgraduate Diploma in Health Science (Registered Nurse Prescribing) and the Master of Nursing (Nurse Practitioner Pathway).

Supportive and expert lecturers will help you gain knowledge and skills to become a registered or advanced practice nurse. You'll study at some of the best nursing teaching facilities in New Zealand, and you'll use state-of-the-art technology as part of your studies, including well-equipped clinical simulation laboratories. EIT nursing graduates are highly sought after by employers.

YOUR CAREER OPPORTUNITIES

As a Registered Nurse, Clinical Nurse Specialist, Registered Nurse Prescriber or Nurse Practitioner your career will be highly rewarding, you'll experience challenges and variety as you make a positive difference in people's lives.

To find out more check out nursing.eit.ac.nz

Hauora Pathway [Level 4] NZ Certificate in Study and Career Preparation

This qualification will give you an introduction to important skills and ideas, so you're ready to step up to higher level study, including at degree level.

You'll learn the study and communication skills you need in the context of your field of interest. The courses you choose will get you ready to apply for entry into a range of diploma and degree programmes in the fields of health including nursing.

Length	19 weeks full-time	Start date	February and July
Fee	\$3,100 (approx)	Campus	Hawke's Bay or Tairāwhiti

Certificate in Contemporary NZ Nursing Practice [Level 7]

This is for New Zealand registered nurses wishing to return to clinical practice and overseas registered nurses who are required to successfully complete a competency-based programme in order to attain Nursing Council of New Zealand Registration.

Your skills and knowledge will be updated across the scope of nursing practice. You will have the opportunity to revise your nursing knowledge in order to achieve the prescribed Nursing Council of New Zealand Competencies.

Length	6 weeks full-time	Start date	Various start dates
Fee	\$2,300 (approx)	Campus	Hawke's Bay

Bachelor of Nursing [Level 7]

This degree will enable you to enter practice as a registered nurse with a sound knowledge base of nursing theory, social and biological sciences, research and professional practice skills.

The programme provides a balance of theoretical studies and nursing practice experiences which occur in a wide range of community and acute care settings. You will develop the understanding and skills needed to provide professional nursing care, promote health and develop as a nurse leader.

MINT Restaurant

HOSPITALITY

Welcome to some of New Zealand's best hospitality programmes. EIT can equip you to become a hospitality professional, ready to take on a variety of roles. You can also attain internationally recognised City and Guilds qualifications, which can help open doors worldwide. You'll be given plenty of experience in EIT's superb modern training and production kitchens. You'll work in fully licensed training restaurants and cafés, where you'll gain invaluable experience preparing and serving lunch and dinner for paying diners.

YOUR CAREER OPPORTUNITIES

You could become a barista, café owner, wait staff in a five-star hotel, or manage front of house operations. How about training to be a fully qualified chef, and working in a top restaurant? There are many exciting job and career opportunities, whether you choose to work close to home or overseas.

To find out more check out hospitality.eit.ac.nz.

NZ Certificate in Food and Beverage [Level 3] Café and Restaurant Services

A good customer is for life – not just for one service period.

Learn how to make exceptional customer service an everyday event in the hospitality industry as you learn how to create positive first impressions in hotel receptions, restaurants, cafés and bars. You can build upon these skills by continuing onto the Level 4 programme which focuses on professional restaurant service.

Length	18 weeks full-time	Start date	February and July
Fee	\$3,600 (approx)	Campus	Hawke's Bay or Tairāwhiti

NZ Certificate in Food and Beverage [Level 4] Restaurant Services

Study is based on bakery techniques research, and its culinary specialties. Formal work experience in industry is an important part of the programme for building professional relationships and connections to employers.

Length	1 year full-time	Start date	March
Fee	\$7,100 (approx)	Campus	Hawke's Bay or Tairāwhiti

MĀORI STUDIES

Te Ūranga Waka (Hawke's Bay)

Te Whatukura (Tāirāwhiti)

**"I love the whānau
environment at Te Whatukura."**

"I came to EIT so I could study without having to move away from home and I love the whānau environment that Te Whatukura provides."

Turuhira Dell-Keelan
Bachelor of Arts (Māori) student

TE ŪRANGA WAKA | TE WHATUKURA

“Piki ake, kake ake i te toi huarewa, te ara o Tāwhaki, i piki ai ki runga”

The need to learn and speak the Māori language is greater than ever before.

Māori language is vital to New Zealand, and our identity. As Māori language becomes more widely used through kōhanga reo, primary schools and Kura Kaupapa Māori, parents are becoming more aware of the importance of keeping up with their children's knowledge of te reo Māori. Te reo Māori is a special taonga, to be shared with all New Zealanders.

At Te Ūranga Waka in Hawke's Bay and Te Whatukura in Te Tairāwhiti, our te reo studies offer qualifications from basic introductory level learning through to a specialised masters programme, and gives you the opportunity to become proficient in Māori customs, culture and research.

YOUR CAREER OPPORTUNITIES

You can work in government departments, hospital boards, teaching (kōhanga, primary, secondary, and tertiary), or work with local iwi as a liaison or policy advisor. You could work in television and radio as a reporter, scriptwriter, announcer or bilingual researcher. You can also take on key roles at your own marae and within your whānau, hapū, and iwi.

Many employers now prefer bilingual and bicultural employees, especially since te reo Māori became an official language of New Zealand.

For more information check out maori.eit.ac.nz

Te Pōkaitahi Reo Māori (Reo Rua) [Te Kaupae 2] NZ Certificate in Te Reo Māori [Level 2]

FEE FREE

This foundation qualification is intended for learners who have minimal command of te reo, as an additional language. Graduates will have the language skills required to communicate, with little support, in familiar everyday contexts, and in Māori environments where they feel comfortable.

Successful completion of this certificate allows students to enrol in the Level 3 programme.

Length	17 weeks full-time day classes*	Start date	February and July (subject to enrolments)
Fee	Fee FREE	Campus	Hawke's Bay, Tairāwhiti, Wānanga, community venues or your workplace

* Night classes and weekend wānanga available

Te Pōkaitahi Reo Māori (Reo Rua) [Te Kaupae 3] NZ Certificate in Te Reo Māori [Level 3]

FEE FREE

This qualification is intended for learners who have intermediate-level understanding of, and ability in the use of, te reo. Graduates will have the skills and knowledge to communicate in te reo with some independence and confidence in everyday whānau, marae, social/community, workplace and/or academic contexts; and in Māori environments where they feel comfortable.

Successful completion of this certificate allows students to enrol in the Level 4 programme.

Length	17 weeks full-time day classes*	Start date	February and July (subject to enrolments)
Fee	Fee FREE	Campus	Hawke's Bay, Tairāwhiti, Wānanga, community venues or your workplace

* Night classes and weekend wānanga available

Te Tohu Taihū [Kaupae 4] NZ Certificate in Te Reo Me Ngā Tikānga [Level 4]

FEE FREE

This qualification is for graduates of the Level 3 programme who wish to further develop their knowledge of the Māori language, and marae customs and practices. There will be a focus on speaking te reo Māori and applying it in everyday life, and on the marae ātea. Practical experience in leadership roles will occur in the second half of this year long programme.

Successful completion of this certificate allows students to enrol in the Level 5 Diploma and/or the Bachelor of Arts (Māori) programme.

Length	34 weeks full-time day classes*	Start date	February and July (subject to enrolments)
Fee	Fee FREE	Campus	Hawke's Bay, Tairāwhiti, Wānanga, community venues or your workplace

* Night classes and weekend wānanga available

Te Pōkairua Reo (Rumaki) [Kaupae 5] NZ Diploma in Te Reo Māori (Immersion) [Level 5]

This programme is for graduates of the Level 4 programme who wish to gain an advanced understanding and ability in the use of te reo - kia tika, kia rere, kia Māori. At the end of the programme they will be able to communicate independently in te reo, express ideas in a wide range of familiar and some less familiar situations with fluency and flexibility. Finally, they will have a desire to contribute positively to the development of te reo, or have a personal and /or professional interest in te reo.

Length	34 weeks full-time day classes*	Start date	February
Fee	Fee FREE	Campus	Hawke's Bay, Tairāwhiti, Wānanga, community venues or your workplace

Subject to approval and accreditation. * Night classes and weekend wānanga available.

Te Whakangungutanga ki Ngā Tāiro a Kupe [Kaupae 7] Bachelor of Arts (Māori) [Level 7]

This programme offers compulsory papers in Māori language, marae customs and practices. These papers are the basis of the degree major and are taught mainly in Te Reo Māori. Elective papers allow you to access a wide range of options, including language, teaching, research, Māori beliefs and Māori music. These papers are taught bilingually. This degree enables graduates to pursue a professional career in a variety of fields i.e. government departments, hospital boards, teaching (kōhanga, primary to secondary, adults), television and radio, working with local iwi and many more opportunities.

Graduates can gain entry into the one year, full-time Bachelor of Arts Honours (Māori) programme.

Length	3 years full-time*	Start date	February and July
Fee	\$663 per 15 credit course (approx). \$1,325 per 30 credit course (approx)	Campus	Hawke's Bay or Tairāwhiti

* Part-time study available

Te Pikitanga ki Awarua [Kaupae 8] Bachelor of Arts Honours (Māori) [Level 8]

Kua neke atu i te toru tekau tau a Te Ūranga Waka e whakaako ana i te reo Māori me ōna tikanga katoa, ka mutu e hia mano taurua kua ako ki te kōrero Māori i konei. Ko te tohu e kīia nei 'Te Pikitanga ki Awarua' he tohu Hōnore, he tohu whakapakari i a koe anō. Ko te mahi rangahau te mahi matua, ā, e aro ana ki te kōunga o te reo Māori kai te whāngaihia. He kaha hoki tā rātau rangahau i ngā taera reo o te motu, otirā, ngā kaupapa katoa o te iwi Māori.

This is open to those who have completed a degree and have a high level of Māori language fluency. This provides an in-depth study of the Māori language particularly te reo o te poroporoaki, kupu whakarite, kīwaha, whakataukī, whakataukāki as well as those issues affecting Māori society. It includes: Te Reo o Ngā Tipuna, He Hokinga Mahara, Te Ao o Tuawhakarere, Te Ao Hurihuri.

Length	1 year full-time*	Start date	February and July
Fee	\$5,300 (approx)	Campus	Hawke's Bay, Tairāwhiti or online with an on-campus component

* Part-time study available

Te Tohu Tītohu mō Te Aka Whakaaroaro: Postgraduate Diploma in Professional Practice Te Tohu Paerua mō Te Aka Whakaaroaro: Master of Professional Practice [Level 8-9]

Are you looking for an opportunity to reflect on and develop your professional practice? These postgraduate programmes are for people whose primary work is with people: social workers, teachers, community/iwi development practitioners, counsellors, health practitioners and others working in fields where understanding customs, beliefs, values and language is essential.

Features of the programmes:

- Focus on your own practice developments and passions
- Critically reflect on your own practice strengths, weaknesses, challenges and areas for expansion
- Flexible delivery (block wānanga and online learning)
- Commitment to mātauranga Māori
- Collaborative interdisciplinary study with others whose practice is in socio-cultural fields.

Engagement in some form of socio-cultural practice is expected.

Length	Postgraduate 1 year full-time. Master 18 months full-time*	Start date	February
Fee	\$2,000 per 30 credit course (approx)	Campus	Hawke's Bay - on campus and blended delivery

* Part-time study available

TOIHOUKURA

School of Māori Visual Arts

"Working on community projects has been one of the highlights of my time here at Toi Houkura."

"Surrounding myself with the right mentors and like-minded artists is what Toi Houkura provides for myself and the others here. I get to become involved in some pretty amazing projects."

Rangimarie Pahi

Bachelor of Māori Visual Arts (Te Toi o Ngā Rangi) student

TOIHOUKURA

Toihoukura! Toihouora e!

Toihoukura – Enriching Lives!

Toihoukura is a specialist school of contemporary Māori visual arts that looks to the past to shape the future of art in Aotearoa/New Zealand and globally. It runs its unique, world-class programmes primarily from EIT's Tairāwhiti campus.

The school has an excellent complement of tutors which is headed by Ahorangi (Professor) Derek Lardelli, renowned tā moko and multimedia artist and Ahonuku (Associate Professor) Steve Gibbs who specialises in painting. Both have a long history and association with networks of indigenous artists nationally and internationally. Erena Koopu (painting/performing arts), Ruth Smith (toi reo/art language and traditional narratives), Makarini Solomon (tā moko/multimedia), and an array of practicing artists and experts within the creative industries contribute to an exceptional learning experience for students throughout their studies.

You will be encouraged to guide your own direction, vision and independence about cultural expectations and conditions, and will develop a strong sense of imagery related to your ancestral whakapapa. Studying at Toihoukura is a holistic experience in learning to create art that finds its origins in Te Ao Māori through traditional information and thought, which is then conveyed in a contemporary format for the future.

YOUR CAREER OPPORTUNITIES

Since Toihoukura was established, over 20 years ago, graduates have progressed into careers as art teachers, successful self-employed practicing artists, cultural advisors, gallery curators and more.

To find out more check out toihoukura.eit.ac.nz

Ka Tipu Te Whaihanga - NZ Certificate in Ngā Toi [Level 4]

FEE FREE

This programme is designed specifically to help you pursue your artistic aspirations through practical experience. If you have a desire to grow your art knowledge, design concepts and gain skills in a creative environment, this certificate is ideal.

Successful completion of this programme can pathway you into Te Toi o Ngā Rangi - Bachelor of Māori Visual Arts. You will be exposed to a wide range of art mediums by tutors who are well respected in their fields.

An interview with the principal tutor is required for all applicants.

Length	1 year full-time	Start date	February
Fee	Fee FREE	Campus	Tairāwhiti

Bachelor of Māori Visual Arts - Te Toi o Ngā Rangi [Level 7]

Te Toi o Ngā Rangi enables students at any stage of their exploration of painting, drawing, sculpture, design, weaving or other visual arts to develop further knowledge and skills in the world of Māori contemporary arts.

You will be welcomed into a whānau environment and supported by the Toihoukura team of tutors and support staff. Led by Erena Koopu and supported by internationally renowned artists, Ahorangi (Professor) Derek Lardelli and Ahonuku (Associate Professor) Steve Gibbs, the team includes other internationally known artists, as well as artists emerging on the national and international stage.

The broad-based programme enables you to develop practical skills, inspires creativity and introduces you to a range of visual arts with a view towards specialisation.

Graduates of Te Toi o Ngā Rangi have found success in the creative industries including national and international art internships and residencies, major art commissions and self-employment as practicing artists. They have also made their way into art related areas such as teaching, museum curatorships, and iwi/hapū/whānau projects. The formation of art education programmes run by graduates within local communities are becoming more prominent, and are a living illustration of what Toihoukura teaches.

Length	3 years full-time	Start date	February
Fee	\$6,600 per year (approx)	Campus	Tairāwhiti. On-site and offsite Wānanga

* Part-time study available

Want to know more? Visit toihoukura.eit.ac.nz for more details and to check the full programme entry requirements.

Te Ara Pourewa – Graduate Diploma in Heritage and Museum Studies [Level 7]

Protect, preserve and elevate taonga Māori, and prepare for a career as kaitiaki taonga (curator), kaitiaki pūranga (archivist), kaiatawhai whakaora taonga (conservator), pouherenga kōrero o-mua (historian), or kaihangarau whakakite (exhibition technician); as well as employment opportunities in the wider sector, including iwi organisations, government departments, education and heritage organisations such as NZ Historic Places Trust, libraries, and galleries.

Length	1 year full-time*	Start date	February
Fee	\$6,100 (approx)	Campus	Tairāwhiti (blended, online, Wānanga and internship)

* Part-time study available

Te Hono ki Toi (Poutiri-ā-rangi) - Bachelor of Professional Creative Practice (Honours) [Level 8]

This programme is collaboratively offered by EIT's two iconic creative practice schools, Ideaschool and Toi Houkura, offering you an exclusive opportunity to engage with staff and students at both schools. It offers a unique perspective from both the European and Māori creative culture allowing a wide selection of media to be advanced.

It is designed to enable graduates and other artists to further their creative practice through guided reflection, research and professional practice. You will create an effective and professional body of creative work, make it publicly available and speak professionally about that work based on in-depth and broad research. Following completion of this honours programme, you may progress to Te Hono ki Toi (Poutiriao) - Master of Professional Creative Practice.

Length	1 year full-time*	Start date	February
Fee	\$7,200 (approx)	Campus	Tairāwhiti, Hawke's Bay or by distance with an on-campus component

* Part-time study available

Te Hono ki Toi (Poutiriao) - Master of Professional Creative Practice [Level 9]

This programme is collaboratively offered by EIT's two iconic creative practice schools, Toi Houkura and Ideaschool, offering you an exclusive opportunity to engage with staff and students at both schools. It offers a unique perspective from both the European and Māori creative culture allowing a wide selection of media to be advanced.

You will have the opportunity to create a body of creative work to a standard that develops, extends and refines prior professional practices, processes and knowledge. This will be achieved through research and critical evaluation to strengthen your creative practice while contextualizing your practice in relation to relevant communities, contemporary concepts, models theory, technologies and professional practice management techniques.

Length	6 months full-time*	Start date	February
Fee	\$3,600 (approx). This does not include required Honours courses above.	Campus	Tairāwhiti, Hawke's Bay or by distance with an on-campus component

* Part-time study available

PRIMARY INDUSTRIES

Te Kura Ahumahi Matua

"Ahakoa he iti te matakahi, ka
pakaru i a ia te totara."

"Although the wedge is small it overcomes the totara – a little effort properly
applied can achieve great results."

The programme includes an overnight study tour, work experience, and the theoretical knowledge required for a bar manager's certificate.

Length	1 year full-time	Start date	February
Fee	\$5,600 (approx)	Campus	Hawke's Bay

TRADES & TECHNOLOGY

Te Kura Kaupapa Ringa Rehe, Hangarau

A man with a beard and a black headband stands with his arms crossed in front of a red fire truck. He is wearing a high-visibility orange safety vest over a dark shirt. The background shows the side of the fire truck and a building.

**"I love my job.
I love Hawke's Bay."**

"You get to try everything at EIT. It's great. I would definitely recommend getting a trade or qualification because it is too hard without it these days."

Nate Krutz

Certificate in Engineering Trades graduate
Red Steel

TRADES & TECHNOLOGY

EIT's trades and technology qualifications are all about giving you plenty of hands-on practical experience, like constructing a building, wiring a house, or repairing vehicles. You can study foundation programmes and try your hand at a range of trades, then go on to specialist training at EIT.

If you're already working as a tradesperson, you can get career development to help you take your next step up the ladder. You may be eligible for help with paying your fees through an EIT Youth Scholarship or the Māori and Pasifika Trades Training scheme, Te Ara o Takitimu.

YOUR CAREER OPPORTUNITIES

Qualified, professional tradespeople are always in demand.

You could score a great career in architecture, carpentry, electrical engineering, automotive, plumbing and gasfitting or engineering, including machining, welding and fabrication.

To find out more check out trades.eit.ac.nz

NZ Certificate in Foundation Skills – Construction [Level 2]

FEE FREE

Trades people are always in demand, so why not kick-start a trades career with this project-based programme or prepare yourself for further study in construction as you explore and create quality construction projects.

Throughout the programme you'll link theory while getting your hands dirty learning practical skills. You'll spend a lot of time in one of EIT's workshops but also plenty of time out in the community on building projects such as decks, fences and pergolas.

Length	19 weeks full-time	Start date	February and July
Fee	Fee FREE	Campus	Hawke's Bay or EIT Regional Learning Centres (Hastings, Napier, Dannevirke, Tairāwhiti, CHB)

NZ Certificate in Foundation Skills – Automotive and Engineering [Level 2]

FEE FREE

This programme is aimed at preparing you for further study in the automotive and/or engineering industry.

The focus is on project-based learning which is practical and hands-on but also includes some theory so that you develop knowledge as well as skills. During the practicals you will learn the skills that are needed to carry out real workplace tasks and to prepare yourself for further study and a career in this exciting industry.

Length	19 weeks full-time	Start date	February and July
Fee	Fee FREE	Campus	Hawke's Bay, Tairāwhiti

NZ Certificate in Construction Trade Skills (Carpentry) [Level 3]

Project and task-based learning offers students real world experience. Start your training in our modern Trades and Technology facilities. You can begin a career in building and construction and gain credits towards the NZ Certificate in Carpentry [Level 4]. Work experience within the local industry is an important part of the programme.

On completion you could be employed as an apprentice by a builder or building contractor to complete your carpentry qualification.

Length	1 year full-time	Start date	February and July (only Hawke's Bay)
Fee	\$6,400 (approx)	Campus	Hawke's Bay, Tairāwhiti*, Wairoa or CHB

* February start only

NZ Certificate in Carpentry [Level 4]

This programme guides you through your apprenticeship. It combines the best aspects of on-the-job training with night classes to ensure that you achieve the skills and qualifications desired by industry. An added advantage is you can earn while you learn.

You can enter direct from the workforce with the recommendation of the builder who is to be your employer. You need to have full physical mobility to meet the demands of construction site work.

Length	3-4 years full-time	Start date	Anytime
Fee	\$950 per year (approx)	Campus	Hawke's Bay or Tairāwhiti

NZ Certificate in Electrical Engineering Theory [Level 3]

Make the most of your talent for problem solving and gain essential electrical engineering skills for a future career in the electrical industry.

This is your first step towards landing an apprenticeship and becoming a fully qualified electrician. You can continue your theory and practical training as part of an apprenticeship, leading to registration as an electrical tradesperson.

Length	1 year full-time	Start date	February and July
Fee	\$5,700 (approx)	Campus	Hawke's Bay

NZ Certificate in Mechanical Engineering [Level 3]

If you want a career in welding, machining and fabrication, study a New Zealand Certificate in Mechanical Engineering and begin an apprenticeship.

You could earn a good wage as an engineer doing something you really like. You will get real world workshop experience with local firms doing work experience as part of the programme.

Length	1 year full-time	Start date	February and July
Fee	\$6,500 (approx)	Campus	Hawke's Bay or Tairāwhiti (February start only)

NZ Certificate in Plumbing, Gasfitting and Drainlaying [Level 3] Pre-apprenticeship

Skilled plumbers are in demand as construction continues to boom nationwide.

Gain the skills and knowledge needed to ensure the right water, gas and waste systems are in place on your worksite. Plumbing is a rewarding, hands-on long-term career.

You are required to have the physical mobility needed to meet the demands of construction site work.

Length	22 weeks full-time	Start date	February
Fee	\$4,400 (approx)	Campus	Hawke's Bay

NZ Certificate in Automotive Engineering [Level 3]

If you are into cars and motors make a career out of it and study a NZ Certificate in Automotive Engineering [Level 3] to begin an apprenticeship.

You could earn a good wage as a technician doing something you really like. Apprenticeships and job opportunities in the motor trade include working on cars, trucks, machinery, motorcycles, marine or automotive electrics.

You will get real world workshop experience with local firms doing work experience as part of the programme.

Length	40 weeks full-time	Start date	February and July
Fee	\$6,500 per year (approx)	Campus	Hawke's Bay or Tairāwhiti (February start only)

NZ Certificate in Infrastructure Works [Level 3] NEW

FEE FREE

Gain the operating skills to launch your career in the infrastructure industry.

Infrastructure is the fundamental facilities and systems serving a country, city, or other area. It typically characterises technical structures such as roads, bridges, tunnels, water supply, sewers, electrical grids and telecommunications (including Internet connectivity and broadband speeds).

Length	19 weeks full-time	Start date	February, July
Fee	Fee FREE	Campus	Hawke's Bay and Tairāwhiti

*subject to approval

Services Pathway [Level 3] NZ Certificate in Study and Career Preparation

Are you seeking a career in the NZ Police or the NZ Defence Force?

This programme will provide you with the knowledge, skills and confidence to apply for training or employment in the NZ Police, Armed Forces or Correction Services.

Length	19 weeks full-time	Start date	February (Hawke's Bay), April (Tairāwhiti)
Fee	\$2,800 (approx)	Campus	Hawke's Bay and Tairāwhiti

NZ Diploma in Architectural Technology [Level 6]

This programme will offer you stimulating studies and provide a pathway to your professional qualification as an architectural technician.

Gain the knowledge, skills and attitudes required to become a productive member of an architectural design team – undertake practical learning to learn the whole process of producing architectural drawings, from establishing a client's requirements right through to submission of the final designs.

Length	2 years full-time	Start date	February
Fee	\$6,700 per year (approx)	Campus	Hawke's Bay

VETERINARY NURSING

Te Whare Tiaki Kararehe

ANIMAL MANAGEMENT & VETERINARY NURSING

Are you passionate about the care and welfare of animals? Here's your chance to learn about this exciting world: from animal husbandry to anatomy and first aid. Plus, you will be responsible for the animal residents of EIT's new animal facility. You will gain the skills necessary to assist veterinarians.

YOUR CAREER OPPORTUNITIES

You could work with animals in a veterinary practice, laboratory, animal hospital or wildlife park. You could also go on to earn a qualification in veterinary nursing, technology or science.

To find out more check out vetnursing.eit.ac.nz

NZ Certificate in Animal Management (Companion Animals Strand) [Level 4]

Gain the skills required to work in the animal care and handling industry through hands-on practical training, animal theory and work experience placements.

Graduates will be able to demonstrate knowledge of animal anatomy and physiology, animal husbandry, recognise the signs of ill-health, and apply first aid to small animals.

You must be willing to work with all animals, plus dissect and handle animal body parts and fluids.

Length	41 weeks full-time	Start date	February
Fee	\$7,100 (approx)	Campus	Hawke's Bay

NZ Certificate in Animal Technology (Veterinary Nursing Assistant Strand) [Level 5]

If you're passionate about animal health and welfare, this programme is perfect for you. This qualification will prepare you to work in a veterinary-related field under the supervision and direction of a veterinarian.

You will learn about animal husbandry and how to maintain animal health within a veterinary clinic, how to care for hospitalised animal patients, assist in surgery preparation and anaesthesia, and conduct routine diagnostic procedures.

You will complete a total of 200 hours of work experience in veterinary clinics, 40 hours in an animal facility and further develop your skills in our purpose built simulation veterinary clinic.

Length	41 weeks full-time	Start date	February
Fee	\$6,900 (approx)	Campus	Hawke's Bay

NZ Diploma in Veterinary Nursing [Level 6]

Become an essential part of a veterinary team, clinic or hospital and provide surgical and medical veterinary nursing, manage services and perform diagnostic sampling and medical imaging. These skills will be gained through online delivery and via week-long block courses (1 each semester) in our purpose built simulation veterinary clinic.

You will also spend a total of 280 hours in veterinary clinics throughout New Zealand gaining valuable skills towards becoming a veterinary nurse.

Length	41 weeks full-time	Start date	February
Fee	\$7,200 (approx)	Campus	Blended/online delivery with on-campus components in Hawke's Bay.

VITICULTURE & WINE SCIENCE

Te Kura Mātai Wāina

"EIT opened the door for me."

"The EIT wine science degree opened the door to an exciting industry and started me on the road to a career I love."

Alex Roper

Bachelor of Wine Science and Bachelor of Viticulture graduate
Mission Estate Winery

VITICULTURE & WINE SCIENCE

Here's your chance to study viticulture and wine science in the heart of New Zealand's premium wine region. You can choose from a wide range of grapegrowing and winemaking programmes to suit your individual needs. You will learn from highly qualified and experienced lecturers, and gain invaluable experience at our superb teaching and research winery, vineyard and wine sensory laboratory.

As part of your programme you will be exposed to a wide range of commercial vineyards, winery operations and industry professionals, adding authentic learning opportunities to your study.

YOUR CAREER OPPORTUNITIES

EIT's strong connections with the local wine industry mean you'll be in a superb position to find employment once you graduate. Our programmes have an excellent global reputation, providing further opportunities to work in some of the world's great wine regions.

To find out more check out wine.eit.ac.nz

Science Pathway [Level 4] NZ Certificate in Study and Career Preparation

This is the ideal introduction programme if you're interested in working in the wine industry or wish to continue studying another field of science.

This programme is designed for people who are interested in working in the winegrowing industry but who may not have the necessary entry requirements to begin study at degree level. Successful completion of this certificate will provide you with the appropriate science background knowledge and skills, enabling you to pathway into the Bachelor of Viticulture or the Bachelor of Wine Science degree.

If this is not the direction you choose to follow, the programme could also be the stepping stone to alternate science-based courses or help you gain a rewarding position in employment.

Length	19 weeks full-time*	Start date	July
Fee	\$3,100 (approx)	Campus	Hawke's Bay

* Part-time study available

Bachelor of Viticulture [Level 7]

New Zealand's great wines cannot be produced without the skills and knowledge of top viticulturalists. Ensuring that the fruit is nurtured to provide winemakers with premium grapes is of vital importance to the success of our industry.

This degree emphasises the sciences, techniques and management aspects of viticulture. You will gain a comprehensive understanding of the skills required in grapegrowing from first-class lecturers who are actively involved in research. You will gain plenty of practical experiences as well as the scientific knowledge required to grow high-quality grapes.

You must be 18 years of age or over on the 1st of February of the year you apply for entry to this programme. If you are under 18, you may be provisionally accepted into the programme but will be restricted in the courses in which you can enrol before you turn 18 years of age.

Length	3 years full-time*	Start date	February and July
Fee	\$6,100 per year or \$800 per 15 credit course and \$1,500 per 30 credit course (approx)	Campus	Hawke's Bay

*Part-time study available

Bachelor of Wine Science [Level 7]

There has never been a better time or place to discover the intriguing world of wine. You will gain knowledge of the entire process from vine to wine. You'll learn about grape varieties, the soils and environments best suited to viticulture and the science involved in turning the fruit into one of New Zealand's most famous exports.

Study the science of winemaking (oenology) in New Zealand's premium wine region. This degree covers specialist technical, scientific and managerial skills in winemaking. You will gain hands-on experience in our purpose-built winery and laboratory facilities before completing a 60-day vintage out in the industry.

You must be 18 years of age or over on the 1st of February of the year you apply for entry to this programme. If you are under 18, you may be provisionally accepted into the programme but will be restricted in the courses in which you can enrol before you turn 18 years of age.

Length	3 years full-time*	Start date	February and July
Fee	\$6,100 (approx)	Campus	Hawke's Bay

*Part-time study available

Bachelor of Viticulture or Bachelor of Wine Science [Level 7]

These degrees may also be studied by distance learning. This could suit those who are currently employed in the industry or who are looking for a career-change but cannot re-locate to Hawke's Bay.

Our degrees are offered as a part-time study option where students' knowledge is enhanced through attendance at the compulsory on-campus residential schools held each year in Hawke's Bay.

Length	6 years part-time	Start date	February and July
Fee	\$800 (approx) per 15 credit course, \$1500 (approx) per 30 credit course	Campus	Distance learning - online with an on-campus component in Hawke's Bay.

Bachelor of Viticulture and Bachelor of Wine Science (Concurrent) [Level 7]

This is a unique opportunity for you to simultaneously gain two closely connected degrees - the art of winemaking requires the complementary skills of growing high quality grapes and producing top wines.

You will obtain specialised viticulture and wine science knowledge which includes grapegrowing, winemaking, science and management courses. Completing both degrees will enable you to gain employment in the winegrowing industry in any role; your skill-set will be highly sought after.

You must be 18 years of age or over on the 1st of February of the year you apply for entry to this programme. If you are under 18, you may be provisionally accepted into the programme but will be restricted in the courses in which you can enrol before you turn 18 years of age.

Length	4 years full-time*	Start date	February and July
Fee	\$6,100 (approx)	Campus	Hawke's Bay

* Part-time study available

Graduate Diploma in Oenology or Graduate Diploma in Viticulture [Level 7]

If you already have a degree, these graduate diplomas will allow you to fast track into a viticulture or oenology (wine science) specialisation. They are particularly suitable if you are working in the winegrowing industry and wish to increase and deepen your skills and knowledge to further your career.

The programmes emphasise the specific scientific, technical and managerial aspects of grapegrowing and winemaking and can be studied either on campus or online. EIT offers the only distance learning graduate diplomas in viticulture and oenology in New Zealand.

To enrol in this programme you need to have a three year degree or equivalent qualification, or be able to demonstrate significant work and professional experience in the wine industry or in another science-related field.

Length	1 year full-time*	Start date	February and July (part-time only)
Fee	\$800 per course (approx)	Campus	Hawke's Bay or online with an on-campus component in Hawke's Bay

* Part-time study available

ENROLMENT INFORMATION

HOW TO ENROL

STEP 1

Check out eit.ac.nz to find out more about the programmes we offer and to enrol online. You can also request a printed enrolment pack online or by calling us.

You can apply to StudyLink now if you need help to pay your fees, course related costs or living costs. You can this even if you haven't been accepted on to your programme yet. Visit www.studylink.govt.nz to apply.

STEP 2

If you apply online you will be sent a form to check, sign and return to EIT along with any required supporting documents.

If you are applying by paper enrolment form, you will need to complete this and send back to EIT with any required supporting documents.

STEP 3

You will receive an acceptance letter with programme information including your start date.

You may also receive course selection forms. You need to complete these quickly and return them to us so we can finalise your enrolment. If you do not send these back to us we are not able to give StudyLink the information they need to finalise your student finance.

STEP 4

You will receive an invoice with payment details.

You must arrange for full payment of your enrolment fees before the start of your programme.

Contact us if you have any questions.

0800 22 55 348 | www.eit.ac.nz | info@eit.ac.nz

STUDENT SERVICES LEVY

The Student Services Levy is a compulsory non-tuition fee that is charged to students enrolled at EIT. The levy is to contribute to the provision of quality student services that support learning. The funds received by EIT from the levy are ring-fenced, meaning they can only be spent on student services.

STUDENT LOANS AND ALLOWANCES

StudyLink is a service of the Ministry of Social Development. Apply well before your programme begins (even if you haven't been accepted yet) so you'll be ready to get your payments when you need them most. Check out what you qualify for at studylink.govt.nz or phone 0800 88 99 00. A Student Allowance is a weekly payment to help you with living expenses. It doesn't have to be paid back. A Student Loan is made up of three parts – compulsory fees, course-related costs and living costs. You have to pay these back.

FEES-FREE STUDY

You could be eligible for FEES-FREE STUDY*

Check out feesfree.govt.nz for details
